

As a fast growing international corporation with a team of currently 150 enthusiasts, and with activities in more than 50 countries, we are in the process of ushering in a new era in therapy systems/products and biotechnology. For this purpose we are looking for clever and visionary minds who like to create and shape the future, and who would fit perfectly into our innovative and quality-oriented company with individual team players. The European headquarters are located in southeastern Berlin.

We are looking as of now for a full time and direct hire:

## Manager Education (m/f/d)

You will...

- Create innovative modules and webinars together with our internal departments
- Manage our eLearning suite (LMS) (Learnwise, Docebo, Moodle, ...), reviews and approvals of eLearning content
- Design, edit and update content modules for internal and external users
- Documentation of internal training on base in eLearning platform (legal requirements, manage automatized reports, check and report deviations)
- Set up of webinars on various platforms
- Schedule webinars with stakeholders and conduct of webinar (hosting, in some cases moderation)
- Analyze the completed webinars (success, performance,...)

If you...

- Hold an academic degree in health care or comparable education (e.g. nurse)
- Have a qualification as a trainer, ideally adult education
- Have experience with articulate suites (creation of scorm/xapi/tincam modules and webinar platforms)
- Enjoy working on new innovative ideas and technologies
- Show fluent German and English language skills in both spoken and written word, and ideally have command of another foreign language
- Have very good communication skills, ability to work in a team and a high level of intercultural competence

...then we offer you...

- An exciting work environment in a sustainable and successfully growing company with start-up-mentality
- An open-ended full-time contract
- Attractive and flexible working conditions
- A competitive salary package including a stock option program
